Anderson College is an active member of the American Association of Junior Colleges and the Southern Association of Colleges for Women; is officially accredited by the South Carolina State Department of Education; and is fully approved by the University of South Carolina. Credits are accepted by all four-year colleges and universities in South Carolina. Graduates of Anderson College have entered as juniors accredited institutions outside the state such as Florida State University, the University of Georgia, Westhampton, George Peabody College for Teachers, the University of Tennessee, the University of Missouri, and the University of Cincinnati, and other outstanding colleges and universities.

COLLEGE PURPOSE

CHRISTIAN EDUCATION. In this age of rival philosophies and competing religions, Christian education is necessary. The charter of Anderson College secured in 1911 stated that the institution would be a Christian school. Anderson College believes Christian education comes to pass as Christian teachers instruct Christian students in an atmosphere of reverence for Christian truths.

THOROUGH TRAINING. Academic standards maintained by the best colleges are set as the goals for Anderson College. These goals are reached only as capable teachers are well trained and obsessed by, and dedicated to, the high calling of teaching. Cheap academic work is not acceptable at Anderson College.

A SMALL COLLEGE. Anderson College is a small school. There are no definite plans to make it a large college. There are plans to make and keep Anderson College a good small institution.

PERSONAL ATTENTION. The fact that Anderson College is a small college makes it more practical to give personal attention to the students. Every teacher is asked to serve as a counselor. A well rounded life possesses not only a well trained mind but a controlled and adjusted personality.

STUDENT PARTICIPATION. Students learn by doing. Anderson College offers many opportunities for individual participation. Students are urged to take part in various activities such as Music, the Glee Club, Dramatics, College publications, honor societies, Baptist Student Union, other religious organizations, and class groups.

PHYSICAL EDUCATION AND ATHLETICS. A program of physical education and athletics is planned for all the students. The College offers opportunities for basketball, baseball, table tennis, volleyball, and other games. Archery and tennis are offered and encouraged.

MODERATE COST. Charges at Anderson College are very reasonable. Details concerning expenses are given on page 27.

COMMUNITY COLLEGE. More than 50% of the students at Anderson College attend as day students. The citizens of the thriving City of Anderson find educational opportunities offered at Anderson College most helpful. Night classes are held as a community service.

GENERAL INFORMATION

HISTORY

Anderson College traces its origin to one of the first institutions ever established for the higher education of women in the United States. This institution was an antebellum academy, the Johnson Female Seminary, opened in the village of Anderson in 1848. It is still well remembered in the City of Anderson, and the names of many of the older families of the community are to be found in surviving classrolls of the old seminary.

During the Civil War, Johnson Female Seminary was forced to close and subsequently the stress of the times prevented its reopening. But the spirit of educational enterprise lived on in the community, and in time a new generation of men and women arose to carry on where the old institution had left off. The outcome of their efforts was the present Anderson College. Its foundations were laid in 1911, and since its opening in the fall of 1912, it has held a place among the recognized colleges in the State of South Carolina.

TRANSITION TO A JUNIOR COLLEGE

Anderson College, which since 1912 functioned as a senior or four-year type college, assumed a new role in the educational program of the state by opening in September, 1930, as a junior college. The decision to reorganize as a junior college was made in 1929, and in that year the change was ratified by the Baptist State Convention which sponsors and supports Anderson College.

CO-EDUCATION OFFERED

Although Anderson College was founded as a school for women, since it became a junior college its educational facilities have been offered to both men and women. Men attend Anderson College as day students. Under prearranged circumstances, boarding has been arranged for men students. Those wishing to attend Anderson College as boarding students should get in touch with Registrar L. B. Lutz.

ADVANTAGES OF A JUNIOR COLLEGE

1. The junior college offers two years of regular college work paralleling that of a standard four-year college or university, thus enabling the student to transfer to the junior year without loss of time or credit.

2. The junior college provides terminal courses, designed to give training on the college level which will prepare the student for a vocation in two years.

3. Some fifty per cent of the students of the four-year college drop out after the freshman and sophomore years. The junior college gives the student an opportunity to complete his studies and receive a diploma.

4. Since administrative officers and instructors show a personal interest in each student and provide individual guidance, the junior college serves to bridge the gap in the abrupt transition from high school to college.

5. Small classes make it possible for the students to come into close contact with the instructors; hence many succeed in junior college who would fall by the way in a larger institution.

PERSONNEL AND GUIDANCE

Adequate personal adjustment for every student is the aim of Anderson Junior College.

An orientation program for freshmen is conducted during the first week of the fall semester. Students become acquainted with the ideals and aims of the College, its customs and traditions, the physical plant, and the social life of the campus and city. Psychological and subject matter tests are given to all freshmen.

Specific academic counseling is provided for every student. Each instructor is available as a counselor to all students enrolled in his department.

Case study records are kept for each student. This material consists of general personal information, scores achieved in placement tests and personality inventories, records of extra-curricular activities and reports relative to academic, vocational and social counseling.

SPECIAL COLLEGE EVENTS

Traditional events which have long been an important part of college life in Anderson are anticipated as Red Letter occasions. To introduce the tradition of hiding the crook, the Crook Banquet is given on Halloween. Christmas First Night ushers in the holiday festivities and includes the Christmas banquet. Founders Day is appropriately observed on February 14. High School Weekend, usually held in February, offers prospective students an opportunity to understand student life at Anderson College. The May Day festival, given on the campus early in the month of May, is followed by the series of Commencement activities.

PLACEMENT SERVICE

The college placement services are carried on through the College office. In spite of the large enrollment in the department of Secretarial Science, the College is unable to meet the many demands made upon it for graduates of this department. Other graduates are placed in the fields of art, industry, church work, journalism, music, nursing, radio, and social service.

LOCATION

Located in the foothills of the Blue Ridge Mountains in the famous Piedmont section, Anderson enjoys an ideal year round climate. Out-of-door living and sports can be carried on in comfort all winter as well as throughout the summer. The College, with its thirty-two acre campus, occupies a commanding elevation, a mile from the center of the city on the Boulevard, which is one of the best residential sections. A bus line runs to the college entrance.

The community of Anderson offers the advantages of a cultured and prosperous people who identify themselves with the institution in a whole-hearted way. The life of the city embodies the best traditions of the South. Anderson College is one of the centers of the community life of the city, all civic movements including it in their programs of co-operation.

Anderson is on the main route of Eastern Air Lines from Atlanta to New York and is served by regularly scheduled southbound and northbound planes. Paved highways ap-

proach Anderson from each of the points of the campus. The cross-state automobile highway running through Anderson is Route 29, and Atlanta is only one hundred and thirty-three miles west on this highway.

THE CAMPUS

More than a hundred oak trees grow on the campus which is landscaped in a series of rising terraces, with flower-bordered walks and driveways. Wisteria, dogwood, azaleas, a rose garden, and formal memorial gardens add to the natural beauty of the grounds. The tennis courts and athletic field are located on the back campus.

BUILDINGS

The educational plant consists of six modern, steam-heated buildings. These buildings include the Administrative Building, Denmark Hall, East Dormitory; the Recreation Center, the Auditorium, Dining Hall, and the newly constructed library. The President's home is also on the campus.

Administration Building

Four tall white columns mark the entrance to the Administration Building. This three-story building accommodates the offices of the President and Registrar, the business office, parlors, home economics and sciences laboratories, and many of the classrooms.

Denmark Hall

Denmark Hall, a two-story building, houses the infirmary, the parlor, TV room, and suites for faculty and sophomores.

West Colonnade joins this dormitory with the Administration Building. A telephone booth and a large stone fireplace make this colonnade a center of student activity.

East Dormitory

East Dormitory contains, in addition to faculty and student suites, classrooms of the Department of Secretarial Science, the gymnasium, and the Baptist Student Union room. East Colonnade joins this two story dormitory with the Administration Building.

Whyte Building

The three-story building is connected with the front hall of East Dormitory by a sun parlor. It houses the Music Department, the canteen, the post office, and the bookstore.

Auditorium

The auditorium seats approximately 700 people. The stage is equipped with up-to-date lighting units. Music studios and practice halls are also in the building. Three times each week Chapel is held in the auditorium. Concerts, recitals, plays, lectures, and operas are presented here.

Dining Room

The dining room is attractive and spacious. Meals are served cafeteria style except on special occasions.

The Library

The college library houses a carefully selected book collection of over seven thousand five hundred volumes, a periodical collection of over eighty magazines and newspapers, and a small but carefully selected file of pamphlets and public documents. The majority of the magazines are bound in book form for easier handling and research. The book collection is classified according to the Dewey Decimal system, is cataloged, and is readily available on open shelves. A trained librarian is employed full-time. She is assisted by carefully chosen student helpers.

The library occupies a new building on west campus with completely modern facilities and attractive, comfortable surroundings for research and recreational reading. The building is air conditioned and affords ample space for the expansion of the present collection.

The library houses the collection of records formerly located in the music department. This collection with the addition of new records which will be secured periodically will be available to all students and faculty members for recreational and educational enrichment. Three turntables with earphones will be available in the library for the playing of these records.

HEALTH

The health of the student is considered of primary importance and is under the supervision of the college nurse who is subject to call at all times. A registered nurse is on duty in the school infirmary. Anderson College also has the advantage of excellent doctors and surgeons who form a very proficient medical center in the city of Anderson. In case of serious illness, the parents or guardian will be notified at once, and should special nursing or hospital service become necessary, the extra expenses must be borne by the parents or guardian. The Anderson Memorial Hospital is located within a few blocks of the College.

COLLEGE LIFE

Dormitory Rooms

Students live comfortably at Anderson College. Dormitory rooms are en suite—two rooms with connecting bath. Four students live in each suite. This arrangement is especially favorable to the development of desirable living and study conditions.

Rooms are assigned to new students in the order in which the applications for admission are received and upon payment of a \$10 reservation fee.

Furnishings

Rooms are furnished with two single beds, equipped with new box springs and innerspring mattresses, a study table, a dresser, one rocker, two straight chairs, and a closet.

Students provide the following: bed linen, blankets, counterpanes, towels, curtains (2½ yards long), and all necessary personal articles.

Students are responsible for the care of their rooms. Rooms are inspected daily.

Damage to furniture, fixtures, or walls is paid for by the students.

Laundry

Arrangements are made whereby students may have their laundry done at a nominal price. Each article should be plainly marked with the student's name.

Pressing rooms are provided for the use of the students. Students do not use irons in their rooms.

Each dormitory has an automatic washing machine.

Vacations

Dormitories are closed during Christmas, Thanksgiving, and spring vacations.

Wardrobe

Serviceable clothes are in keeping with the atmosphere of Anderson College. Cotton prints, sweaters, and skirts are popular for general campus wear. Two or three street dresses, suits, party dresses, and two evening dresses meet the social needs. Emphasis in dress is put upon taste and suitability rather than quantity.

Allowance

Parents are asked to supply the students with only a moderate amount of spending money. Extravagant allowances are unnecessary.

Students making bills in the city do so on their own responsibility.

REGULATIONS

The Dean of Women keeps in close touch with parents and guardians at all times. All special instructions in regard to the students and all permissions should be sent by mail to her office.

Students are expected to report to the College immediately upon their return to the city from weekend visits and vacations.

Students should keep valuables locked in locker trunk. All money should be deposited in the college bank. Parents are asked to send money to students only by check or postal money order.

Students whose academic work is satisfactory may, with the permission of their parents, spend weekends at home.

SMOKING REGULATIONS

Girls are not allowed to smoke. Boys are allowed to smoke in designated places.

STUDENT GOVERNMENT

The administration desires in every possible way to stimulate and encourage self-government—that is to awaken in each student that individual conscience which is the final dictation in all matters, personal and impersonal. Recognizing, however, the fact that no parent would be willing to send a daughter to college where the administration had no disciplinary powers, the Student Government acts with the advice and oversight of the Faculty and Staff.

WITHDRAWALS

The President of the College is authorized by the Board of Trustees to request the withdrawal of any student whose presence in the College, for reasons of health, conduct, or scholarship, does not meet with the approval of the administration, or whose influence, whether by word or deed, is injurious to other students or to the welfare of the institution.

AUTOMATIC WITHDRAWALS

The whole spirit of Anderson College is to help those most who need most help. It is the untiring policy to encourage students to enter sympathetically into all matters of particular difficulty, and to deal patiently with freshmen during their period of orientation into college ways of study and recitation. If, however, because of persistent neglect, a student fails to make satisfactory progress, his parents are notified. If, at the end of the first semester, he fails in as many as two of his courses, he is warned by the Dean that his work is unsatisfactory. If he fails in as many as three of his courses, he is placed upon the conditioned list for the second semester. If, at the close of the session, he has not passed as many as fifteen of his semester hours, he is not permitted to return the following year.

RELIGIOUS LIFE

Anderson College is basically and aggressively Christian. It is the aim and purpose of the administration to engage teachers who will, by example and teaching, encourage and stimulate their students in the practice of Christian principles and ideals.

The spiritual atmosphere of the College is marked by a certain definite resolution to keep moral and spiritual values in preeminence. Dr. Wilfred T. Grenfell, of Labrador, after visiting Anderson College, wrote back these words to a former President, the late Dr. John E. White:

"I tried to emphasize the message which they told me afterwards you are always standing for—the influence of the living soul as the supreme motive power, as against all and any intellectual attitudes."

Chapel

Devotional exercises are a part of every chapel program. They are conducted by local and guest pastors, faculty, and students.

Baptist Student Union

The B. S. U. Council consists of the elected officers, and the presidents of the various religious groups of the College, including the Y. W. A., and the Ministerial Association.

Church Attendance

All resident students are required to attend regularly the Church of their choice in the city.

All college students are encouraged to attend all the services of the church of their choice.

The Young Women's Auxiliary

In keeping with its ideals, the Young Woman's Auxiliary seeks "to bind together the young women of this College for world-wide services for Christ and unite them with young women of like interest in other colleges throughout the world."

Baptist Training Union

College students take an active part in the Training Unions of the Baptist churches in Anderson.

Morning and Evening Watch

Students conduct their own daily Morning and Evening Watch.

Ministerial Association

Men who feel that they are definitely called to be ministers or Christian workers are regular or associate members of the Ministerial Association. The Association is organized for purposes of fellowship, inspiration, and service.

RELIGIOUS EMPHASIS WEEK

A Religious Emphasis Week is set aside each session for a series of religious services. Friends from the city are invited to join with the students and faculty in the worship of chapel and vesper services during this special week. Southwide and state leaders and local pastors have made Religious Emphasis Week one of the most important occasions of the college year.

STUDENT ACTIVITIES

STUDENT GOVERNMENT ASSOCIATION

Anderson College students have adopted a plan of self-government. Every young woman lives under its regulations. The Council, elected by the Student Government Association, administers the regulations, and in cooperation with the faculty and staff foster standards of culture, honesty, and efficiency in the college life.

DENMARK SOCIETY

Membership in the Denmark Society is limited to sophomores of outstanding character and achievement. Near the end of each year, sophomores who have maintained a high standard of Christian character, a constructive quality of service and leadership, and a maximum degree of individual scholarship are elected by the Faculty Executive Committee to membership in the Denmark Society.

BAPTIST STUDENT UNION

The Baptist Student Union serves as a link between the student and the church. Each year a large number of students move their membership to local churches or come under their watchcare. The College is represented at state and southwide conventions and at the spring retreats.

ANDERSON COLLEGE ATHLETIC ASSOCIATION

The purpose of the Anderson College Athletic Association is to develop skill in sports which will lead to intelligent and constructive use of leisure time, to promote standards of sportsmanship, and to translate health facts into health practices which will function in each individual's program. During the year, the A.C.A.A. sponsors tournaments and competitive games between the classes and games are arranged with outside teams. The recreational calendar includes parties and supper hikes. The A.C.A.A. and the Physical Education Department present the annual May Day program. Points are awarded for participation in the various clubs, hockey, tennis, basketball, baseball, and softball, and letters are presented to those attaining the required number of points.

HONOR SOCIETIES

Phi Theta Kappa

In 1932 the Anderson College chapter, Beta Pi, was granted a national charter by the Grand Council of the Phi Theta Kappa. This junior college scholarship society, corresponding to Phi Beta Kappa for four-year colleges, has chapters in numerous accredited junior colleges throughout the United States. A student to be eligible must rank in the scholastic upper ten per cent of the students enrolled in Arts and Science courses. Professor Henry von Hasseln holds an honorary membership in the Beta Pi chapter and is faculty sponsor of this chapter.

Alpha Pi Epsilon

Alpha Pi Epsilon is a national honorary secretarial society for students of secretarial subjects. Its chief purpose is to professionalize the status of the college trained secretary. The society stresses superior achievement in stenography and encourages its members to carry high ideals into business relations. The Sigma Chapter was organized at Anderson College in May 1941.

Delta Psi Omega

Delta Psi Omega, national junior college dramatic fraternity, corresponds to Alpha Psi Omega for four-year colleges and has approximately two hundred chapters located in junior colleges all over the United States. Students who have a good scholastic standing are eligible for membership in the organization after they have actively participated in acting or play producing. The membership in any junior college is limited to twelve members.

CLUBS

The Town Club

The Town Club is an organization of all off-campus students. Campus and community projects are sponsored from time to time. The Club provides for the recreational activities of the day students. At the close of the year the organization presents a gift to the College.

The Anderson College Choir

The Anderson College Choir, under the direction of the head of the Voice Department, plays a part in the religious, educational, and social activities of the city and state as well as the college life.

Commercial Club

All students enrolled in the Department of Secretarial Science are eligible for membership in the Commercial Club. At the monthly meeting varied programs are presented at which the members discuss the opportunities and problems relating to their chosen field.

Home Economics Club

The Doddridge Home Economics Club aids in the development of initiative, leadership, and professional pride for students interested in this field. This club, named for the first home economics teacher at Anderson College, is affiliated with the American Home Economics Association.

STUDENT PUBLICATIONS

The Yodler

The Yodler is the campus newspaper, published monthly or more frequently, by the students of Anderson College. The Associated Collegiate Press has conferred All-American rating on The Yodler for the twelfth time.

The Columns

The Columns is the yearbook published by the students of Anderson College. It attempts to portray and record in permanent form the varied student interests.

Student Government Handbook

This book is published annually by the College with the assistance of the Student Government Association. It contains the specific information considered essential for orientation and adjustment to life at Anderson College. At the beginning of the college year each student is given a copy of the Handbook and is thereafter held responsible for knowing its contents.

Except in the case of sisters rooming together, each student is required to buy her own books.

Two day-students from the same home enrolled in the college department are allowed a discount of five per cent on

tuition. Two day-students from the same home taking studio courses are allowed a discount of five per cent.

Pastors actively engaged in the ministry of the gospel, whose daughters are students, are granted a discount of \$75.00 for the year if the student is a boarding student, and \$50.00 if a day student, provided no other concession is made. One-half of the amount is credited each semester. Renewal of this concession is conditioned upon the student's having passed the work of the previous session with an average of not less than C. Any minister wishing to secure the benefit of this concession should make formal application in writing to the President.

A limited number of General Excellence awards for entering resident students are offered each year to outstanding high school graduates on the basis of scholarship, character, and leadership. ADMINISTRATION

REQUIREMENTS FOR ADMISSION

Applicants for admission to Anderson College must present evidence of educational achievement represented by graduation from an approved public high school or private secondary school with a minimum of sixteen units. Applicants over 21 years of age, not graduates of an approved secondary school, who qualify for a South Carolina State High School Certificate by examination or an equivalent certificate by examination issued in other states are also eligible for admission. *No entrance examinations required.*

The units presented must include:

English	4 units
History	1 unit
Other Social Study	1 unit
Mathematics	1 unit
Natural Science	1 unit
Second Major	3 units
(May include credit earned on subjects specifically required)	
Electives	5 units

A student who expects to enter a specific college or university after completing two years of junior college work at Anderson College must be certain to have the entrance credits for that specific institution. The Registrar will be glad to check the entrance credits upon request.

CLASSIFICATION OF STUDENTS

All students who are admitted as regular first-year students will be classified as freshmen.

All regular students who have to their credit 30 semester hours of work will be classified as sophomores. They should have at least 27 quality credits.

This schedule of classification will be used as a basis for all class and college activities. Official class rolls must be obtained from the office of the Registrar before the election of class officers or class representatives.

POST GRADUATE STUDENTS

Junior College graduates not going on to senior colleges may return for a third year of study in Art, Home Economics, Music or Secretarial Science. A student may plan a three-year course which will entitle him to both the Junior college diploma and a secretarial certificate.

SPECIAL STUDENTS

Applicants over twenty-one years of age who give evidence to fitness to pursue special studies may be admitted as special students. If such students should later desire to apply for graduation, they will be required to meet all entrance requirements.

NON-RESIDENT ART, SPEECH, AND MUSIC STUDENTS

The college offers the advantages of its Music Department to residents of Anderson and vicinity who desire to enter for individual instruction in applied music. Such students are not allowed to take any college classes unless they fulfill the entrance requirements for regular students. Similar opportunities are offered to a limited number of such students in the Art and Speech Departments.

AUDITORS

Persons desiring to audit classes may do so upon approval of the Registrar and upon making satisfactory arrangements with the business office. No college credit is allowed.

ADVANCED STANDING

Applicants for advanced standing from other colleges must meet entrance requirements and, unless coming from another college of recognized standing, must be examined in the subjects for which they desire credit.

Students entering from other colleges must present letters of honorable dismissal from the institution last attended, together with official transcripts showing specifically the subjects pursued, the duration of each course, and the grade attained.

GENERAL ACADEMIC REGULATIONS

Grades

At the end of each semester the grades of each student are sent to the Registrar's office by the instructor, recorded on the permanent records of the College, and a report is sent to the parent or guardian of each student. Parents are earnestly requested to examine these report cards and co-operate in every possible way with the College in order to strengthen points of weakness and deficiency. Parents can render valuable assistance by a hearty, sympathetic co-operation.

A, B, C, and D are passing grades; F means failure.

The semester grade represents all the work of the student in the course concerned, including daily recitations, special tests, and the final examination.

Requirements For Honors

Any student who maintains an average of 2.50 quality points for each semester hour of credit for the entire course of study shall be granted his diploma *Cum Laude*; any student who maintains an average of 2.75 quality points for each semester hour of credit for the entire course of study shall be granted his diploma *Magna Cum Laude*; and any student who maintains an average of 2.95 quality points for each semester hour of credit for the entire course of study shall be granted his diploma *Summa Cum Laude*.

The following table shows the number of quality points per semester hour credit for each grade:

Grade	Points Per Credit
A	3
B	2
C	1
D	0
F	1 Subtracted

An average grade of C is necessary for graduation. Deficiency in quality points may, in some instances, be removed by repeating courses on which low grades have been made.

EXAMINATIONS

Regular Examinations

All classes are examined at the close of each semester. The examinations do not exceed two hours in duration. In addition to these regular examinations, class tests are conducted at such times as the instructor in charge may see proper.

No student may be exempt from examinations by any teacher and no teacher may hold an examination out of the scheduled time.

Special Examinations

A sophomore who has any condition on the work of the second semester will be given an opportunity to remove the condition. For such examination a fee of one dollar is paid.

Second Examinations

A condition on a semester's work in any course may be removed at the discretion of the instructor by a second examination at the appointed time for re-examination. If the examination is satisfactory the grade is raised to a passing grade, but no higher. If the examination is not satisfactory, the student will be required to repeat the subject in class or forfeit the credit. For such examination a fee of one dollar is paid.

CLASS ATTENDANCE

Regular and prompt class attendance is expected of all students. The following regulations concerning class attendance are enforced.

1. No student shall receive credit in a course in which he has been absent for more than one-fourth of the time for which the course was scheduled. No student will be admitted to a class after the second week of the semester, except in extraordinary cases, when the Registrar may admit a student on recommendation of the instructor of the course. Students entering late must make up the work which their classes have already done.

2. Parents are asked not to withdraw or detain students from any academic duty, except for reasons approved by the college authorities. Application for special exceptions grow-

ing out of emergencies in the family of the student must be made by the parents.

The following excuses for absences are permissible under the regulations of the faculty.

a. Personal illness, certified by the college infirmary, parents, or physician;

b. Marriage or death in the family;

c. Critical emergency in the family;

d. Leave of absence to represent the college officially;

e. Field trips which necessitate absence from other classes. (One absence each semester allowed as certified by the instructor.)

3. Students who wish to withdraw from the college at any time other than the end of the semester are required to file a withdrawal card with the Registrar. Any student who withdraws from the college without notifying the President or Registrar suspends himself.

CLASSROOM REGULATIONS

The students are required to attend all sessions of the courses for which they are registered. Should a student be absent three times from any class without explanation, he will be dropped from the class roll and asked to meet with the registrar to show reason why he should be re-admitted to class. An absence is judged as explained, when illness is verified by parent's or doctor's statements, or when death in family or a similar emergency should arise. Students who are absent from the class 25 percent of the sessions cannot receive credit for the course. Three tardies constitute an absence. An absence before or after a holiday will count as a double absence.

CHAPEL ATTENDANCE

Chapel attendance is required of all students. Students who are absent from chapel without excuse four times will be called before the faculty administrative committee to give explanation for the absences. If proper explanation is not given, the student will be dropped from the college roll.

Tests and Examinations

1. Permission to make up tests must be received from the dean in consultation with the instructor.

2. Permission to make up final examinations which have

been missed will be given only in case of serious emergency and must be approved by the Academic Dean. A fee of \$2.00 for each subject will be paid for each make-up test or examination requiring extra work by the teacher.

GRADING SYSTEM

A	100-95
B	94-89
C	88-80
D	79-70
Failure	below 70
Persons withdrawing from classes will be given:	
WP — withdrawing while passing	
WF — withdrawing while failing	

REGISTRATION AND CLASSIFICATION

Each student upon arrival at the College should report to the business office where an initial payment is made and a matriculation card, signed by the Treasurer, is secured. Instructions for classification are given by the Dean when the student reports to the auditorium for convocation. The student next reports to a member of the Classification Committee for consultation and arrangement of the courses of study. When the complete program of the course of study has been approved, the student is given cards of admission which must be presented to the instructors of the various courses indicated. No student will be admitted to a course who does not present a card of admission. All matriculation cards are left in the office of the Dean.

A regular charge of \$1.00 must be paid at the business office for changes made in courses after the second week of the semester, unless the change is made on the initiative of the college authorities. No change in registration will be permitted without the approval of the Registrar. Students will not be excused from classes dropped until the instructor receives official notice.

A subject dropped after the middle of the semester is recorded as a subject failed if the grade is below passing at the time the subject is dropped.

The College reserves the right to withdraw any course the enrollment of which does not justify its continuance.

REQUIREMENTS FOR GRADUATION

Requirements for graduation with the Associate of Arts or the Secretarial Diploma are sixty-four semester hours of college work and a corresponding minimum of quality points.

The Associate of Arts diploma is awarded students completing any two-year program of study with the exception of the Church Secretarial and the Two-Year Secretarial courses. Students completing the latter two courses are awarded the Secretarial diploma.

Candidates for the junior college diploma must complete their last year's work in Anderson College.

Sixteen hours of recitation work a week are expected of all regular students. The minimum is twelve. Credits will not be given for more than nineteen hours of academic work a semester, exclusive of physical education. Only by special permission of the administration may nineteen hours be taken.

In addition to the required courses for the Associate of Arts Diploma, from six to twelve semester hours may be elected in any one or in a combination of the following departments: Art, Dramatic Art, Home Economics, Music, Secretarial Science, and Speech. The number of hours allowed will be determined by the plans for further study.

TEACHERS' CERTIFICATES

Students planning to teach should study carefully the requirements for certification in the state in which they expect to teach. The Dean will be glad to advise students concerning courses for transfer credit for teacher certification. Students planning to teach in South Carolina should complete during their freshman and sophomore years the general education courses prescribed by the State Department of Education.

IV. CHURCH SECRETARIAL COURSE

Because of the immediate and constant need for capable church secretaries, Anderson College offers a church secretarial course out of a background of more than thirty years of experience in training such workers. This course combines Bible courses with important studies in the secretarial sciences and other related fields. Student development is guided through participation in the activities of the religious organizations on the campus, through faculty counselling, and through supervised work in local churches.

V. TWO-YEAR SECRETARIAL COURSE

The department of Secretarial Science prepares students for positions such as private business, or organization secretaries, stenographers, reception clerks, bookkeepers, personnel assistants, and office managers. They may take courses of varying lengths, depending upon the amount of time they can spend in study. Those who can spend two years in college may complete the two-year diploma curriculum and earn junior college diplomas. Students entering with high school training in secretarial subjects may be placed in advance classes according to ability.

The Anderson College Placement Service, available to all graduates, has the record over a period of years of being unable to meet the frequent calls for graduates of the Secretarial Department. Many employers, preferring college trained secretaries, make yearly applications to the Placement Service for replacements in their offices.

*Students who are excused from Typewriting 2 will substitute three hours of electives.
